12:00 P.M.

Council met in special session with Mayor Morgan presiding.
Councilmembers present: Montgomery, Burton, Hurney, Geneste & Cahail
Others: Superintendent Dohrman & Attorney Carlson

Mayor Morgan announced that the special meeting was called so that the Council might consider the Greenway rezone and litigation. The Mayor announced that the meeting would be recorded on tape.

Attorney Carlson explained the legal points concerning the Greenway Rezone litigation and rezone application processing. It is Attorney Carlson's opinion that the entire processing of the rezone application should be done again, just as if the first hearings never took place.

Motion was made by Councilman Hurney and was seconded by Councilman Burton to vacate and rescind vote of the December 6, 1979 of the Town Council and to totally reprocess the Greenway application for rezone. This motion is made for the reason that at the meeting of the Town Planning Commission of November 1, 1979, Bob Greenway and his Attorney Charles C. Schmidt and others presented evidence to the Planning Commission. No tape was taken because it was not a hearing and evidence should not have been allowed. Since no tape exists, the transcript is not complete and must be redone. Motion was unanimously approved.
